Riverwalk Trust serves as the catalyst in building and nurturing Riverwalk and Downtown Fort Lauderdale as a vibrant community connected by the New River. Riverwalk Trust accomplishes its mission through advocacy on behalf of the Riverwalk Park, communication through its website and *Go Riverwalk* magazine, its diverse offerings of events, and its membership activities.

Riverwalk Trust is currently pursuing projects to enhance and protect the integrity of the Riverwalk community, such as design guidelines for thoughtful development, funding for capital improvements and park enhancements, and park programming. It is our goal to create a public space in Downtown Fort Lauderdale where the many functions of community life can take place, where people feel ownership and connectedness and where they perceive their riverfront park as true common ground. In short, we strive to create a great waterfront place where people want to be.

Dedicated to the beautification and greening of our Riverwalk Park and the creation of a more sustainable downtown lifestyle, The GClub at Riverwalk Trust will serve as the launch pad for an ongoing series of tangible park projects. "G" stands for giving and greening – two aspects important to the long-term vitality of the Riverwalk Park.

The GClub at Riverwalk Trust's inaugural project was the installation of 25 decorative potted planters throughout the park, spilling over with lush, tropical flowers and trees in February 2010.

The GClub offers three levels of membership to support our initiatives: GClub Trustee, GClub Supporter and GClub Riverwalk 100.
